

## NEW & UPGRADED ELECTRICITY SUPPLIES

**CitiPower will investigate requests for new or upgraded electricity supplies upon receipt of the following information . . .**

- Site address
- Applicant's full name and contact numbers, including a mailing address
- Existing site demand (if known)
- The number and type of installations (eg 28 apartments, 1 body corporate, 2 shops)
- Site plan (if available) showing the proposed point of supply
- Maximum demand calculation to AS3000 (including a description of each load type)  
& / or
- A schedule of areas and proposed uses (eg 5,000m<sup>2</sup> office, 2,000m<sup>2</sup> basement parking)
- Title particulars (if a substation is required)
- Date supply is required
- Whether a budget estimate or firm offer is required

Further information may be requested as the investigation & scoping of works progresses.

On receipt of all required information CitiPower will prepare and issue an offer that caters for your requirements

We will endeavour to provide this within 20 working days.
